Education

McGill University | Desautels Faculty of Management — Montréal, Québec
Bachelor of Commerce, Finance; Minor in Computer Science — Sep 2020 – May 2024

Experience

Digital Senior Analyst — Montréal, Québec
Huron Consulting Group — Jul 2026 – Present

- Led Oracle Account Reconciliation requirements gathering, functional specifications, design, and configuration across the full CLEAR methodology, owning workstream delivery, work plans, and client-facing sessions.
- Designed and configured Planning (EPBCS) apps, and developed 2 Oracle AI Invoicing agents; prototyped AI workflows with Claude to map engagement ontology, align cross-functional and optimize project planning.
- Supported 10 business-development pursuits by analyzing client problem statements and helping shape proposed solutions for RFP responses.

Digital Consultant Analyst — Montréal, Québec
Huron Consulting Group — Jan 2025 – Jul 2026

- Assisted in the development and configuration of Oracle Financial Consolidation and Close (FCCS) and Account Reconciliation (ARCS) applications to support enterprise finance transformation.
- Led training and testing initiatives to transfer application knowledge and help users validate solutions.

Actuarial Analyst Intern, Retirement — Montréal, Québec
WTW — Jan – Apr 2024

- Maintained Excel and Quantify models to assess pension liabilities, funding levels, and risk.
- Integrated participant data into actuarial models and prepared monthly reports and presentations.

Business Analyst Intern, Financial Operations — Montréal, Québec
Intact Insurance — Sep – Dec 2023

- Supported Oracle Enterprise Data Management (EDMCS) implementation for IFRS 17 financial reporting.
- Gathered business requirements, assessed feasibility, and validated systems through end-user testing.

Pension Outsourcing Analyst Intern
WTW — May – Aug 2022

- Prepared annual defined benefit pension statements and benefit entitlement packages, including transfer deficiency calculations.
- Supported year-end pension administration through membership reconciliation and validation of participant data imports.

Projects and Leadership

I3C Competition | CDPQ / Ivanhoé Cambridge — Oct 2023 – Jan 2024

- Analysed real estate and Census data using SQL in Databricks and modelling in PyTorch; placed 2nd and presented investment recommendations to Ivanhoé Cambridge's board.

Vice-President of Finance | DTech — Aug 2022 – Aug 2023

Vice-President of Media | McGill International Portfolio Challenge — Feb 2022 – Feb 2023

Certifications

Oracle Fusion AI Agent Studio Certified Developer Professional (Rel 1) | May 2026 – May 2028
Oracle Cloud Infrastructure Generative AI Professional | Oct 2025 – Oct 2027
Oracle Account Reconciliation Implementation Professional | Jun 2025 – Dec 2026
Bloomberg Market Concepts | Mar 2023
